3.0 Evaluation Criteria

- 3.1** Hourly / Daily / Monthly/km all-inclusive wet-lease rates for each variant of each Categorized Sub Item of Machinery / Vehicle excluding (VAT) will be considered for the evaluation.
- 3.2** Hourly / Daily / Monthly/km all-inclusive wet-lease rates will be compared with the similar machinery rate of CIDA and the Procurement Committee will decide the ceiling rate. Outlier rates (extremely low or higher rates to average market rates) will be removed before the evaluation of each category, and compare the balance rates.
- 3.3** Once the Procurement Committee approves the ceiling rate the substantial responsive suppliers may ask to declare their consent to the aforesaid ceiling rate, (if the quoted rates are higher than the ceiling rate) and supply machinery accordingly.
- 3.4** Based on the approved Hourly / Daily / Monthly/km all-inclusive wet-lease rate, agreed suppliers will be ranked, and Contracts will be awarded accordingly by respective Regional Directors / Project Directors / Chief Residential Engineers / Divisional Irrigation Engineers.
- 3.5** Evaluation and comparison will be done by respective Regional Director's Offices / Project Director's Offices.
- 3.6** The Suppliers should deposit a Refundable deposit of Rs 20,000.00 when they award a contract. Once the supplier completes the supply, the aforesaid refundable deposit will be released.

4.0 Others

- 4.1** If any supplier fails to provide machinery/vehicle in two consecutive times he/they will not be considered for future contracts.
- 4.2** If any supplier fails to submit the list of Machinery / Vehicles as mentioned in above 2.1. (d), their application shall be rejected without any notice/query and without any refund of the registration fee.
- 4.3** If any supplier fails to submit Rate Analysis, their application shall be rejected without any notice/query and without refund of the registration fee.
- 4.4** The agreed rates in January 2025 shall be applicable only upto 30th April 2025 and shall be revised in 1st May 2025 and 1st September 2025 based on the Fuel Prices. However, if the supplier has provided unrealistic fuel cost details, the price variations will be calculated considering realistic data. The suppliers who disagree to adjust rates due to Fuel Price fluctuation as mentioned above, will not be considered for contract awards and they will be excluded from the Registered List.
